

LEAVING YOUR FINAL FOOTPRINT

Wherever you are in MidCoast, we live surrounded by natural beauty that extends from our pristine coastline, across rolling green hills, and up to our rugged escarpments and tropical rainforests.

Where will you leave your final footprint in our stunning region?

Did you know we manage cemeteries across the entire region? But we understand everyone is unique, and we celebrate the diversity of the people who call the MidCoast area home. We encourage our residents and their families to think about where and how they will have a lasting presence here in the MidCoast.

Today, the traditions around burial customs which originated in the ancient world, have opened up to a diverse range of options, as diverse as our population. Your resting place may be with other family members, under a memory tree, alongside a lifetime friend, or in a memorial garden. Or it may be chosen based on where your loved ones will find it convenient, enjoyable or simply peaceful to visit.

We also care for the beautiful reserves, lookouts and other favourite spots around our region where memorable services and celebrations are held.

Whether you choose to follow a family tradition, or create a new one, we're here to explore your ideas and create a personalised approach that suits you and your loved ones.

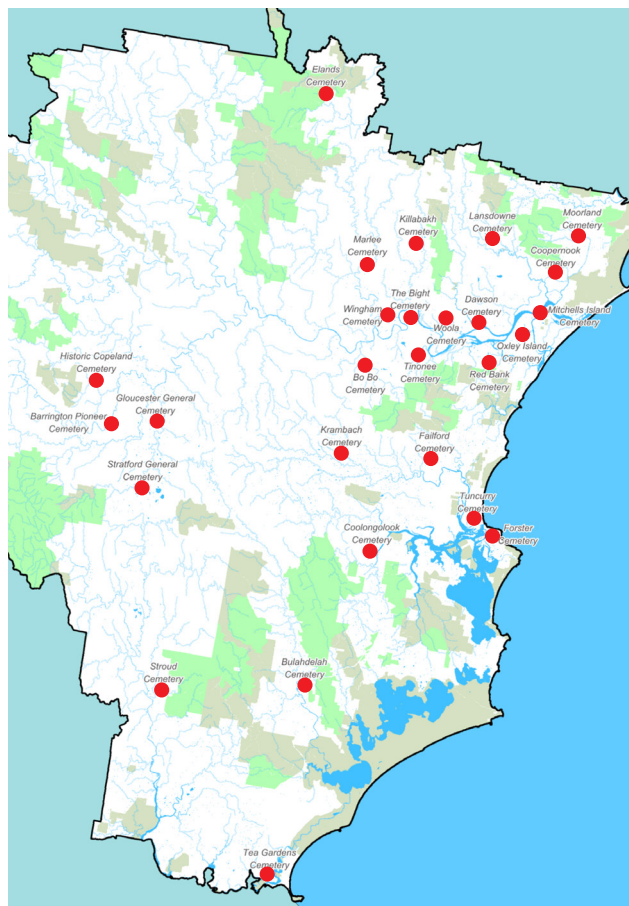

For more information, and to share your ideas with us, email cemeteries@midcoast.nsw.gov.au or call 6591 7222.

OUR LOCATIONS

MidCoast Council manages many cemeteries across the region, each of them unique and with different offerings.
