To support our communities recover from the bushfires, Hunter New England and Central Coast Primary Health Network invites you to submit a grant application of up to $10,000 for activities that promote wellbeing in our community.
What are we looking to fund?

- Community events or workshops that promote resilience and reduce stigma associated with mental illness and accessing mental health and suicide prevention services
- Complementary and lifestyle group activities to improve physical and mental health
- Community education on topics such as managing stress, anxiety, depression and stigma
- Community-based activities that promote social connectedness.

All group activities should adhere to relevant health guidelines, including social distancing measures.

For more information and to apply head to our peoplebank website.
