Community Recovery Information #3

This newsletter contains recovery information for people recently impacted by bush fires in the Northern Tablelands, North Coast and Mid North Coast regions.

Bushfire clean-up assistance and waste management

The NSW Government is providing $25 million to help cover the cost of cleaning up home sites, concrete slab removal, and ensuring that hazardous materials, including asbestos, are removed and handled in a safe and orderly manner. This means that your insurance money is maximised towards rebuilding your home. This funding also covers those whose homes are uninsured.

If you are: Insured

For insured homes that have been damaged or destroyed, insurance companies will arrange clean-up and removal of bushfire debris. Contact your insurer about clean-up as soon as possible. Clean-up can start immediately once you have clearance. Make sure that you take photos or recordings of any damage for your records and to assist with your claim.

The Insurance Council of Australia can be contacted with any questions, complaints or concerns about insurance on 1800 734 621.

If you are: Uninsured

For uninsured homes that have been damaged or destroyed, Public Works Advisory can arrange for the clean-up and removal of bushfire debris from residences and immediately adjacent outbuildings, including the removal of asbestos and concrete slabs.

Public Works Advisory: 1800 88 55 39

Emergency temporary accommodation

Emergency accommodation is available to people affected as a direct result of the recent fires. Short-term housing support for up to three months is available to all people in urgent need of housing because of a natural disaster. This also covers people who would not normally be eligible for social housing.

➢ Housing Contact Centre: 1800 422 322 (available 24/7)

Hazard Identification Notices

You may find a hazard identification notice on your property when you return after a bushfire. This notice indicates your property has been visited and dangers like electrical risks, falling branches or asbestos may have been identified. Only return home when you have been given approval. When you do, even if there is no sign, there may still be hazards on your property.

Please ensure you wear a P2 face mask, which can filter out very fine particles from the air.

If the Hazard Identification Notice indicates asbestos is suspected on your property, you can get further information from the Public Works Advisory on 1800 88 55 39.
Fire retardant information
Coloured foam dropped from the air to suppress / slow fires may have landed on some properties.
This type of retardant is basically a fertiliser and will need to be flushed from roofs and water sources.
To prevent any retardant or ash getting into water tanks, residents should disconnect their downpipe/s from water tank/s, so that the first flush (either rain or washing) does not wash anything from the roof into tanks.

Fire-damaged fences
NSW National Parks and Wildlife Service (NPWS) offers assistance under certain conditions to repair or replace fences bordering national parks in accordance with the NPWS boundary fencing policy.
This is of particular relevance to landholders who immediately border national parks and nature reserves affected by the recent fires.
NPWS is offering to purchase and supply an agreed quantity of fencing materials to reconstruct boundary fences.
This offer applies to the replacement or repair of pre-existing boundary fences only.

Health and wellbeing

Looking after yourself and others
Bush fires can be distressing and you might feel things like sadness, frustration, anxiety or have trouble sleeping or remembering things. This is a normal reaction to an abnormal event.

Having someone to listen and support you at times like this is important.
Some tips on managing your recovery include:

- Spend time with family and friends
- Try to get back into a routine
- Continue a healthy lifestyle (eating, sleeping, exercise)
- Take time out but don’t isolate yourself
- Express your feelings in your own time and way
- Accept help when it is offered
- Limit the amount of media coverage you are exposed to
- Don’t expect to have all the answers
- Understand you are not alone in your experience.

Keep checking in with your friends and neighbours and looking out for each other.

The following are free services available 24 hours a day, seven days a week:
