Manning Regional Art Gallery

Youth Week, King of the Crater

Volunteer Recognition events

# **HOW TO READ THIS DOCUMENT**

This document is structured around the five values and associated objectives and strategies identified in the Community Strategic Plan, MidCoast 2030.

The values define the community's priorities while the objectives identify what we are trying to achieve. Each section focuses on one of the five values and is colour-coded to link back to MidCoast 2030.

Supporting the values are the strategies that tell us how we are going to get there and what we will focus on.

The focus areas and activities for the Delivery Program and Operational Plan indicate Council's commitment to achieving the outcomes that the community desires, for those strategies that fall within the Council's realm of responsibility.

The 'June 2019' column reports on the progress of the Delivery Program and Operational Plan from July 2018 to June 2019.

In addition to depicting the status with one of the following symbols, there is a column providing information on what has been achieved.

our unique, diverse and culturally rich communities

### We are a diverse community that works together to care for all our members

### **Objective 1**

| Focus<br>Ref | 3 year focus   | 1 year actions  | Responsibility   | June<br>2019 | Result   |
|--------------|--|---|--|--------------|--|

Works will be complete<br>in 2019/20                                      |
|              |  | Deliver 12 Art and Dementia programs<br>at the Manning Regional Art Gallery<br>(partnering with Kularoo Gardens)   | Economic<br>Development &<br>Tourism          | $\oslash$    | Completed – 24 sessions completed with various partners  |
| 1.1.3        | Participate in projects that<br>enhance the inclusiveness<br>of community spaces                               | Manage construction of the Livvi's Place<br>inclusive playspace in Fotheringham<br>Park Taree, in partnership with Touched<br>By Olivia Foundation   | Community<br>Services                         | 6            | Additional funding sourced.<br>Construction commenced in<br>June 2019  |
|              |  | Participate in the development of the<br>State Government's guidelines for<br>inclusive playspaces   | Community<br>Services                         | $\oslash$    | MCC represented on working group to develop draft guidelines which have now been adopted   |
| 1.1.4        | Maintain recreation<br>infrastructure to a<br>minimum condition  | Remove all wood fueled BBQs in<br>Council reserves   | Community<br>Spaces, Recreation<br>and Trades | $\oslash$    | Complete<br>All wood fires removed   |
|              | assessment   | Replace 50% of park seating that<br>does not meet the minimum condition<br>assessment rating   | Community<br>Spaces, Recreation<br>and Trades | $\oslash$    | Complete<br>40 identified as needing<br>replacement and replaced 26 seats  |

| Focus<br>Ref | 3 year focus  | 1 year actions  | Responsibility                                | June<br>2019 | Result   |
|--------------|---|---|---|--------------|--|
| 1.1.4        | Maintain recreation<br>infrastructure to a<br>minimum condition<br>assessment | Replace/refurbish – Providence Bay<br>Park Hawks Nest, Palmgrove Park<br>Forster, Rockpool Reserve Tuncurry,<br>and Billabong Park Gloucester           | Community<br>Spaces, Recreation<br>and Trades | $\oslash$    | Providence 95% complete<br>Palmgrove complete<br>Rockpool Res Not commenced<br>Billabong Park complete   |
|              |   | Complete maintenance works in accordance with the Condition Assessment Schedule   | Community<br>Spaces, Recreation<br>and Trades | $\oslash$    | Complete<br>Several assets required disposal   |
|              |   | Develop an annual capital works<br>program for the replacement of<br>recreation infrastructure  | Community<br>Spaces, Recreation<br>and Trades | $\oslash$    | Complete<br>Program currently unfunded   |
| 1.1.5        | Implement the Disability<br>Inclusion Action Plan                             | Undertake educational and promotional activities focused on inclusion and access to information and assistance  | Community<br>Services                         | $\oslash$    | Internal awareness and education campaign conducted early 2019   |
|              |   | Develop Council's annual capital and<br>maintenance works programs so that<br>consideration is given to inclusion<br>priorities and principles          | Community<br>Services                         | $\oslash$    | Community Services doesn't develop<br>annual capital or maintenance works<br>programs but we have reminded those<br>that do, so that consideration is given t<br>inclusion priority and principles |
|              |   | Undertake educational and promotional<br>activities with community partners to<br>support access to meaningful<br>employment for people with disability | Community<br>Services                         | $\oslash$    | Attended Australian Network on<br>Disability early 2019. Learnings<br>regarding being 'disability confident'<br>now being planned and implemented.   |
|              |   | Create pathways for service target<br>groups to work and volunteer with<br>MidCoast Assist  | Community<br>Services                         |              | The Disability Inclusion Action Plan<br>Progress Report for year 2 will be<br>considered by Council on 10 July   |
|              |   | Review online forms to enhance<br>accessibility and undertake educational<br>activities to support their use  | Community<br>Services                         | $\oslash$    | Forms continually being reviewed and amended to ensure accessibility   |
|              |   | Investigate development of a directory<br>of community services and supports<br>across the local government area  | Community<br>Services                         | $\bigcirc$   | Investigation on a number of options<br>conducted. Partnership with external<br>provider finalised. Set up in progress.<br>Launch planned for mid-September<br>2019                                |

| Strategy     | Strategy 1.1: Provide equitable access to services, programs, spaces and facilities |   |                       |              |  |  |  |  |
|--------------|---|---|-----------------------|--------------|--|--|--|--|
| Focus<br>Ref | 3 year focus  | 1 year actions  | Responsibility        | June<br>2019 | Result   |  |  |  |
| 1.1.6        | Participate in projects that<br>enhance the inclusiveness<br>of community spaces    | Deliver quality Social and Community<br>Engagement activities for people with a<br>disability | Community<br>Services |              | MidCoast Assist successfully introduced<br>a number of initiatives to enhance<br>its offering including: extending the<br>variety of group activities to build<br>skills, relationships and participation<br>in the community; facilitating more<br>participants to transition to supported<br>independent living in shared rental<br>homes; promoting Forster as a holiday<br>spot for people with disability; and<br>increasing the number and range of<br>special events. Participants at 30 June<br>2018 grew from 133 to 185 by 30 June<br>2019, reflecting a growing name and<br>reputation across the MidCoast. |  |  |  |
|              |   | Deliver quality Co-ordination of Support<br>services for people with a disability             | Community<br>Services |              | MidCoast Assist received recognition<br>from various sources about its quality<br>of coordination of support services.<br>Despite almost a completely new team<br>coming on board during the year, MCA<br>increased its very strong position in the<br>market, with the number of participants<br>at 30 June 2018 choosing MCA as<br>their coordination of supports service<br>provider growing from 75 to 114 by 30<br>June 2019.   |  |  |  |
|              |   | Deliver quality Financial Intermediary<br>services for people with a disability               | Community<br>Services |              | MidCoast Assist commenced trialling a<br>new software aimed at improving the<br>experience of financial intermediary<br>clients and making the service<br>more efficient. The software will be<br>introduced to all clients early 2019/20.<br>Participants at 30 June 2018 choosing<br>MCA as their financial intermediary<br>service provider grew from 119 to 181<br>by 30 June 2019.  |  |  |  |

| Focus<br>Ref | 3 year focus  | 1 year actions  | Responsibility        | June<br>2019 | Result  |
|--------------|---|---|-----------------------|--------------|---|
| 1.7          | Provide quality, client-<br>centred services and<br>supports for older people<br>to assist them to remain<br>living independently in the<br>community | Deliver quality Customised Care<br>services to older people, including<br>Home Care Packages                                | Community<br>Services |              | MidCoast Assist (MCA) continues<br>to receive a steady flow of home<br>care package referrals based on<br>recommendations about the high<br>quality service provided by MCA.<br>Clients of the service now come from a<br>parts of the MidCoast region. Through<br>our partnership with Great Lakes<br>Palliative Care Support Inc. also<br>continues to provide a unique and vital<br>service for members of our community<br>in the final stages of their lives.<br>The number of clients at 30 June 2018<br>choosing MCA as their home care<br>package provider had grown from 26 to<br>55 by 30 June 2019.                              |
|              |   | Deliver quality Commonwealth Home<br>Support Program services to older<br>people, including social support and<br>transport | Community<br>Services |              | MidCoast Assist's Active and Older<br>program is one of only a few services in<br>the region that provides social activities<br>for older people. Through this service<br>older people, including those with<br>dementia, have remained connected<br>and active in their community.<br>Engaging an increased number of<br>volunteers allowed MCA to expand the<br>number and range of activities in centre<br>and in the community for older people<br>in the MidCoast region. The number of<br>clients at 30 June 2018 choosing MCA<br>as their Commonwealth Home Suppor<br>Program provider had grown from 168<br>to 259 by 30 June 2019. |

#### Objective 1, Strategy 1 (cont'd)

| Strategy     | Strategy 1.1: Provide equitable access to services, programs, spaces and facilities  |  |                       |              |  |  |  |  |
|--------------|--|--|-----------------------|--------------|--|--|--|--|
| Focus<br>Ref | 3 year focus   | 1 year actions   | Responsibility        | June<br>2019 | Result   |  |  |  |
| 1.1.8        | Ensure that sufficient land<br>is zoned in appropriate<br>locations to meet the<br>needs of the population for<br>recreation and community | Plan for a centralised area for sporting<br>fields, at Tea Gardens, to address the<br>current shortfall as well as future needs<br>and allow for the possible co-location of<br>community facilities | Strategic Planning    | $\bigotimes$ | Project deferred   |  |  |  |
|              | facilities   | Ensure that public open space<br>areas and community facilities are<br>appropriately zoned as part of the<br>preparation of a Consolidated<br>MidCoast Local Environment Plan                        | Strategic Planning    |              | On schedule for completion June 2020   |  |  |  |
|              |  | Deliver quality Financial Intermediary<br>services for people with a disability  | Community<br>Services |              | MidCoast Assist (MCA) commenced<br>trialling a new software aimed at<br>improving the experience of financial<br>intermediary clients and making the<br>service more efficient. The software<br>will be introduced to all clients early in<br>2019/20. \* MidCoast Council - NSW Local Government Community Satisfaction Survey 2017

Our unique, diverse and culturally rich communities

**VALUE:** 

### a connected community

### We feel connected to each other

### **Objective 3**

| Focus<br>Ref | 3 year focus   | 1 year actions   | Responsibility                       | June<br>2019 | Result   |  |
|--------------|--|--|--------------------------------------|--------------|--|--|
| 3.1.1        | Integrate and align<br>Council's framework for<br>attracting, engaging and | Undertake an audit of Council's current frameworks for managing volunteers   | Human Resources                      |              | An audit of existing resources has been<br>completed. Preliminary information has<br>been prepared for a Volunteer Handbook  |  |
|              | retaining volunteers   | Celebrate our volunteers through an annual awards program  | Community Services                   | $\oslash$    | Thank you morning teas held in 3<br>locations during volunteers week   |  |
| 3.1.2        | Provide opportunities<br>for volunteering in the<br>delivery of Council's  | Provide and promote opportunities for volunteering in community services programs and activities   | Community Services                   | $\oslash$    | Ongoing  |  |
|              | services and recognise<br>the contribution made by<br>volunteers           | Facilitate volunteer recognition events  | Community Services                   | $\oslash$    | Thank you morning teas held in 3<br>locations during volunteers week   |  |
|              |  | Encourage volunteer involvement at<br>Visitor Information Centres, the<br>Manning Entertainment Centre and<br>Manning Regional Art Gallery | Economic<br>Development &<br>Tourism |              | Completed<br>The Gallery has over 70 active<br>volunteers and delivered 4 training<br>sessions<br>28 volunteers run visitor centres at<br>Forster, Gloucester and Taree, with 32<br>volunteers involved in visitor centres in<br>other locations across LGA<br>MEC: 40 volunteers, 2 Training sessions |  |
|              |  | Encourage volunteer involvement at our<br>libraries  | Libraries                            |              | 211 volunteers provide assistance and support across the Library service   |  |
|              |  | Hold at least one library volunteer recognition event annually   | Libraries                            |              | 9 events held across the network,<br>including a luncheon at Forster Library<br>during Volunteers Week, which<br>attracted 50 volunteers.  |  |

| Strategy 3.1: Encourage and expand volunteering opportunities                        |   |  |   |              |  |  |  |
|--|---|--|---|--------------|--|--|--|
| Focus<br>Ref   | 3 year focus  | 1 year actions   | Responsibility                                | June<br>2019 | Result   |  |  |
| 3.1.3  | Continue to support volunteer mowing and land care programs | Work with the community to have over<br>950 engaged participants by the end<br>of 18/19 FY | Community<br>Spaces, Recreation<br>and Trades |              | 1163 parks volunteers  |  |  |
| 3.1.4 Expand and support<br>volunteer programs in areas<br>where there is no current | volunteer programs in areas where there is no current       | Support volunteer programs at North<br>One Mile Beach, Forster                             | Community<br>Spaces, Recreation<br>and Trades |              | Existing Forster group expanded service area                                 |  |  |
|  | activity  | Support volunteer programs at Forster  | Community<br>Spaces, Recreation<br>and Trades | $\oslash$    | Complete<br>Achieved an increase in volunteering<br>numbers                  |  |  |
|  |   | Support volunteer programs at Mountain<br>Park, Bulahdelah                                 | Community<br>Spaces, Recreation<br>and Trades |              | In progress<br>Participation will increase when skate<br>park is operational |  |  |
|  |   | Support volunteer programs at<br>Limeburners Creek   | Community<br>Spaces, Recreation<br>and Trades | $\oslash$    | Complete<br>New group of 8 people inducted                                   |  |  |
|  |   | Support volunteer programs at Smiths<br>Lake   | Community<br>Spaces, Recreation<br>and Trades | $\oslash$    | Complete<br>Recently inducted 7 new regeneration<br>volunteers               |  |  |

Strategy 3.2: Encourage public spaces, facilities and events that strengthen social connections

| Focus<br>Ref | 3 year focus   | 1 year actions   | Responsibility                                | June<br>2019 | Result  |
|--------------|--|--|---|--------------|---|
| 3.2.1        | Enable Aboriginal<br>partnership programs<br>where possible in the<br>management of the<br>natural environment | Contract bush regeneration<br>contractors who employ Aboriginal<br>staff, to undertake environmental<br>programs | Community<br>Spaces, Recreation<br>and Trades | $\bigotimes$ | No information available on contractors<br>that employ Aboriginal staff |

| Focus<br>Ref | 3 year focus  | 1 year actions   | Responsibility | June<br>2019 | Result   |
|--------------|---|--|----------------|--------------|--|
| 3.2.2        | 2.2 Develop library facilities<br>to meet the changing<br>and ongoing needs of the                                    | Refurbish Gloucester Library   | Libraries      | $\bigcirc$   | Completed  |
|              | community   | Install a meeting room at Wingham<br>Library for community use                                   | Libraries      | $\bigcirc$   | Completed  |
|              |   | Install a meeting room at Tea Gardens<br>Library for community use                               | Libraries      |              | Project plan in place.<br>Completion scheduled for July 2019   |
|              |   | Finalise design plans for the new Forster<br>Library   | Libraries      |              | Draft plans are in place<br>Final plans now expected by first quarter<br>2020  |
| 3.2.3        | Enhance access to the<br>library collections  | Integrate the Great Lakes and Manning<br>Valley library management systems<br>into one system    | Libraries      | $\bigcirc$   | Completed<br>Continuing to fine tune practices and<br>operational process<br>Total visitation was 231,201 with<br>630,370 items loaned |
|              |   | Establish a single purchasing structure<br>for library stock and maintain currency<br>of content | Libraries      |              | Systems now in place   |
| 3.2.4        | Conduct events and<br>programs through the<br>library that provide  | Partner with community groups to deliver social and cultural programs, events and celebrations   | Libraries      |              | MidCoast Libraries have entered into<br>22 partnerships with community<br>organisations and businesses                                 |
|              | opportunities for social<br>inclusion and demonstrate<br>the library's role as a cultural<br>centre for the community | Deliver at least one pop-up library event<br>annually  | Libraries      |              | 10 pop-up events held  |

| Strategy     | 3.2: Encourage public spaces  | , facilities and events that strengthen socia  | al connections |              |  |
|--------------|---|--|----------------|--------------|--|
| Focus<br>Ref | 3 year focus  | 1 year actions   | Responsibility | June<br>2019 | Result   |
| 3.2.5        | Provide support for local<br>content in the library<br>collections    | Expand the online digitised local history collection   | Libraries      |              | There are now 1,700 items digitised<br>through the ClickHistory database, and<br>this will now be the benchmark for<br>comparison in 2020/21                         |
|              |   |  |                |              | The Library has also used library<br>resources to support the MidCoast<br>Stories project  |
|              |   | Purchase local author publications and support local author book launches                    | Libraries      |              | 18 author talks have been supported<br>across MidCoast Libraries with a total of<br>340 attendees<br>Copies of works of these authors were<br>consistently purchased |
|              |   | Support local history programs and collections   | Libraries      |              | MidCoast council Libraries have entered<br>into an arrangement to support the Tea<br>Gardens Family History Group  |
|              |   |  |                |              | Taree Library staff are working with the<br>Manning Wallamba Historical Society to<br>create additional shelving space   |
|              |   |  |                |              | Forster Library continues to support the Family History Advisory Group   |
|              |   |  |                |              | A series of workshops was held by the<br>Manning Wallamba Historical Society<br>during History Week  |
| 3.2.6        | Provide library services<br>targeted at enhancing<br>community access | Deliver an outreach and delivery<br>program to seniors and those with<br>restricted mobility | Libraries      |              | 285 clients supported and 13 aged institutions visited   |
|              |   | Assist residents to improve literacy<br>levels and their quality of life through             | Libraries      | $\bigcirc$   | 24 new requests were received in 2018/19   |
|              |   | the "Better Reading Better Community"<br>initiative  |                |              | In any given month there are up to 16 active tutors  |

It is safe and easy to get around our region

**Objective 4** 

| Focus<br>Ref | 3 year focus   | 1 year actions  | Responsibility | June<br>2019  | Result   |
|--------------|--|---|----------------|---|--|
| 4.1.1        | Deliver maintenance<br>programs within allocated               | Deliver annual resealing program  | Operations     | $\odot$   | Completed  |
|              | budgets  | Deliver annual rural road maintenance program   | Operations     | $\bigcirc$  | Completed  |
|              |  | Deliver annual urban road maintenance<br>program  | Operations     | $\bigotimes$  | Completed  |

| 4.3.1        | Pursue opportunities<br>through the State<br>Government for the<br>provision of improved public<br>transport | Brief State Government on our<br>public transport needs and future<br>opportunities | Transport Assets | $\bigcirc$   | Monthly meeting with Roads and<br>Maritime Services are held. Attendance<br>at workshops regarding transport<br>corridor strategies and freight strategies<br>impacting Regional Roads to advocate<br>Councils position. |

## We utilise technologies to connect us locally and beyond

### **Objective 5**

| Focus<br>Ref | 3 year focus  | 1 year actions   | Responsibility                             | June<br>2019 | Result  |
|--------------|---|--|--|--------------|---|
| 5.1.1        | Implement system upgrades<br>to improve connectivity and<br>improved ways of working                | Implement Unified Communications<br>based on Skype for Business  | Information &<br>Communications<br>Systems | $\bigcirc$   | Unified communications  |
|              |   | Migrate internal users to Office 365<br>to enable enhanced collaboration with<br>internal and external customers                                   | Information &<br>Communications<br>Systems | $\bigcirc$   | All users migrated to Office 365  |
|              |   | Utilise web based productivity<br>applications for use on any device, any<br>time  | Information &<br>Communications<br>Systems | $\bigcirc$   | Access on any device at anytime   |
| 5.1.2        | Implement electronic<br>parking infringement<br>technology  | Investigate options for and service providers or electronic parking infringement technology  | Waste, Health,<br>Regulatory               |              | Investigations undertaken to inform how<br>we should proceed and a report to council<br>will be prepared during 2019/20                                   |
| 5.1.3        | Expand consumer<br>experiences at Manning<br>Regional Art Gallery<br>through new technologies       | Investigate use of emerging and<br>evolving technologies presented by the<br>NBN to deliver new experiences at the<br>Manning Regional Art Gallery | Economic<br>Development<br>& Tourism       |              | Several exhibitions held demonstrated<br>how artists are exploring the delivery of<br>works via digital means   |
| 5.1.4        | Provide online access<br>through library services<br>utilising current and<br>emerging technologies | Provide free internet access, including<br>wifi across all staffed library service<br>points   | Libraries                                  |              | Currently working on a solution for the<br>provision of Internet access at Old Bar<br>31, 672 hours of Internet usage booked<br>29,563 hours of wifi used |
|              |   | Provide community access to current<br>and emerging technologies at staffed<br>library service points  | Libraries                                  |              | Forster Library continues to hold<br>fortnightly mobile device support<br>session<br>New assistance programs will be trialled                             |
|              |   |  |  |              | in Taree and Hallidays Point in 2019/20<br>Harrington Library now offers<br>technology a support through a<br>volunteer                                   |

Strategy 5.1: Use technology and innovation to improve the way we live, work, learn and connect

| 57           | 3,  |   |                |              |  |
|--------------|---|---|----------------|--------------|--|
| Focus<br>Ref | 3 year focus  | 1 year actions                                      | Responsibility | June<br>2019 | Result   |
| 5.1.5        | Develop online collections<br>and services at local | Increase eAudio and eBook collections               | Libraries      |              | Bolinda Borrowbox now holds 1,324<br>eAudio and 4,091 eBook titles |
|              | libraries   |   |                |              | 363 eAudio and 765 eBooks were<br>added in 2018/19                 |
|              |   | Develop library's website and social media presence | Libraries      |              | A new movie streaming service will be established in July 2019     |
|              |   |   |                |              | Website content is regularly maintained                            |
|              |   |   |                |              | New branding requirements are<br>currently being implemented       |
|              |   |   |                |              | The Library now has 1,622 social media followers                   |

### Strategy 5.2: Advocate for improved telecommunications and utilities to provide consistency across the region

| Focus<br>Ref | 3 year focus   | 1 year actions  | Responsibility                             | June<br>2019 | Result   |
|--------------|--|---|--|--------------|--|
| 5.2.1        | Support Telco<br>Authority – Government<br>Radio Network (GRN)   | Actively support the Telco Authority in the establishment of the GRN      | Information &<br>Communications<br>Systems |              | Telco can continue to expand the GRN to<br>supply reliable consolidated emergency<br>services communications without<br>restricting council future expansion<br>requirements |
|              |  | Unify Councils Radio Networks on the GRN to enable LGA wide communication | Information &<br>Communications<br>Systems | $\bigotimes$ | Not applicable   |
|              |  | Complete Proof of Concept on GRN for Telemetry                            | Information &<br>Communications<br>Systems | $\bigotimes$ | Not applicable   |
| 5.2.2        | Support communications<br>providers to maximise<br>communication<br>opportunities on Council<br>assets | Negotiate leases and licences on Council<br>land for telco equipment      | Property &<br>Commercial                   |              | Where possible leases are in place   |

We protect the health and safety of our communities

## **Objective 6**

| Focus<br>Ref | 3 year focus  | 1 year actions  | Responsibility                  | June<br>2019 | Result  |
|--------------|---|---|---------------------------------|--------------|---|
| 6.1.1        | Collaborate with local<br>health services and police<br>on community health                     | Participate in Local Health Committees across the local government area   | Community<br>Services           |              | Council officers attended/participated<br>in 75% of the Local Health Committees<br>across LGA (Forster, Taree & Gloucester)   |
|              | and safety issues and opportunities   | Participate in Community Safety<br>Precinct Committee meetings across the<br>local government area                                | Community<br>Services           |              | Council officers have attended 100%<br>of the CSPC meetings and assisted in<br>promoting meetings to the community<br>through networks  |
| 6.1.2        | Develop and implement<br>an integrated compliance<br>strategy, policy and related<br>procedures | Develop a compliance strategy and policy in conjunction with stakeholders   | Waste, Health,<br>Regulatory    |              | The compliance strategy has been<br>deferred to the 19-20 reporting period,<br>due to a restructure of WH & RS including<br>the compliance team; work will<br>commence in August 2019   |
|              |   | Develop and implement procedures to<br>support the compliance strategy and<br>policy  | Waste, Health,<br>Regulatory    |              | These will be developed when the strategy is completed  |
| 6.1.3        | Collaborate with<br>Emergency Response  | Continue with the development of the<br>Tuncurry SES Depot  | Engineering &<br>Infrastructure | $\bigcirc$   | Development complete and fully<br>functional – SES now operating from site  |
|              | Organisations to reduce<br>the impact of emergency<br>events                                    | Continue with the ongoing development of Rural Fire Service buildings and   | Engineering &<br>Infrastructure |              | Brigade Amenities improvement program progressing as planned and within budge   |
|              |   | plants  |                                 |              | New brigade facility completed at Burrell<br>Creek  |
|              |   | Liaise with the Rural Fire Service and  | Engineering &                   | $\bigcirc$   | Achieved  |
|              |   | State Emergency Service management<br>to ensure that these organisations are<br>equipped to respond to emergencies<br>when needed | Infrastructure                  |              | Local emergency management committe<br>meetings held as scheduled; Annual<br>emergency exercise successfully<br>completed; Fire danger electronic advisor<br>signs installed at key locations as planned<br>under the Safer Neighborhoods program |

| Strategy     | Strategy 6.1: Work together to promote and enhance community safety       |   |                              |              |  |  |  |  |
|--------------|---|---|------------------------------|--------------|--|--|--|--|
| Focus<br>Ref | 3 year focus  | 1 year actions  | Responsibility               | June<br>2019 | Result   |  |  |  |
| 6.1.4        | Promote the improvement<br>of food handling standards<br>at food premises | Inspect and rate local food premises according to a risk profile  | Waste, Health,<br>Regulatory |              | Premises are inspected and comply<br>or exceed the minimum inspection<br>frequency as specified in the Food<br>Authority Food Regulation Partnership<br>roles & responsibilities guideline |  |  |  |
|              |   | Review food premises inspection<br>programs to ensure health risks are<br>appropriately addressed   | Waste, Health,<br>Regulatory |              | A short term review of the food<br>premises inspection program has been<br>completed to manage health risks and<br>ensure consistency across the MidCoast<br>local government area         |  |  |  |
|              |   |   |                              |              | A longer term review is required to<br>refine the program and address home<br>businesses and temporary events  |  |  |  |
|              |   | Continual development & promotion<br>of communication strategies to assist<br>in the improvement of food handling<br>standards                      | Waste, Health,<br>Regulatory |              | One on one education is provided during<br>routine inspections together with food<br>seminars, newsletters and focus<br>programs   |  |  |  |
| 6.1.5        | Undertake dog owner<br>regulation compliance                              | Promote and educate dog owners of<br>their responsibilities under the<br>Companion Animals Act 1998<br>along with consequences of<br>non-compliance | Waste, Health,<br>Regulatory |              | Education of dog owners has been an informal process and is ongoing  |  |  |  |
|              |   | Investigate all reported dog attacks on both humans and animals   | Waste, Health,<br>Regulatory | $\bigcirc$   | 100% of dog attacks have been<br>investigated. Results range from no<br>action, fines, declaration for menacing /<br>dangerous dogs to the animal being put<br>down                        |  |  |  |
|              |   | Actively patrol public areas identified as high risk  | Waste, Health,<br>Regulatory |              | Patrol of public areas during events and<br>large gatherings as well as routine patrols<br>of the whole LGA as requested / required  |  |  |  |

| Strategy 6   | Strategy 6.1: Work together to promote and enhance community safety |  |  |              |  |  |  |  |

| Focus<br>Ref | 3 year focus  | 1 year actions   | Responsibility                                   | June<br>2019 | Result   |  |  |  |
| 6.1.6        | Maintain safe work sites to<br>minimise risk to the<br>community    | Introduce a process to ensure<br>contractors insurances, Safe Work<br>Method Statements and site inductions<br>are current and relevant at | Projects &<br>Engineering                        | $\bigcirc$   | Tender process has been amended to<br>require submission of contractors SWMS<br>and insurance details<br>MCC WHS rep's attend contract start-up          |  |  |  |
|              |   | commencement of work   |  |              | meeting  |  |  |  |
|              |   | Ensure that all Council work sites<br>comply with relevant safety standards  | Projects &<br>Engineering /<br>Operations        | $\oslash$    | All work sites are monitored by<br>Surveillance Officers to ensure<br>compliance with standards  |  |  |  |
| 6.1.7        | Provide safe public areas   | Vandalism and graffiti is recorded and removed   | Community Spaces,<br>Recreation and<br>Trades    | $\bigcirc$   | Complete – 693 events recorded   |  |  |  |
|              |   | Strategies to reduce recurrence of vandalism and graffiti implemented where possible   | Community Spaces,<br>Recreation and<br>Trades    | $\bigcirc$   | Complete – Strategies include<br>surveillance, removal of lighting in public<br>areas where required and consideration<br>in placement of infrastructure |  |  |  |
| 6.1.8        | Ensure our roads are safe   | Undertake annual inspections of<br>road assets to ensure they meet   | Engineering and<br>Infrastructure                | $\bigcirc$   | Annual inspections completed, defects recorded and being monitored   |  |  |  |
|              |   | appropriate condition standards  |  |              | Maintenance programs developed to manage risks   |  |  |  |
| 6.1.9        | Provide safe public swim-<br>ming pools                             | Complete water testing in accordance with recognised standards and regulations   | Community<br>Spaces,<br>Recreation and<br>Trades | $\bigcirc$   | Complete - 0 closures due to water<br>quality  |  |  |  |
| 6.1.10       | Ensure building certification services are                          | Maintain continuing professional development of building certifiers  | Building Services                                | $\bigcirc$   | Completed on time and within budget  |  |  |  |
|              | customer focused  | Align building certification processes for MC1 migration   | Building Services                                |              | Ongoing, electronic endorsement/<br>certification of plans now in use in both<br>the Taree and Forster offices   |  |  |  |
|              |   | Ensure processes and forms are<br>customer friendly whilst meeting<br>legislative requirements   | Building Services                                |              | Certification forms and related<br>processes aligned and forms available<br>on Council's website   |  |  |  |

2018-2021 Delivery Program & 2018-2019 Operational Plan: End of Year review

### Objective 6, Strategy 1 (cont'd)

| Strategy 6.1: Work together to promote and enhance community safety |   |  |                   |              |  |  |  |
|---|---|--|-------------------|--------------|--|--|--|
| Focus<br>Ref  | 3 year focus  | 1 year actions   | Responsibility    | June<br>2019 | Result   |  |  |
| 6.1.11  | Raise community<br>awareness of swimming<br>pool safety             | Actively promote swimming pool safety  | Building Services |              | Partnership established with Royal Life<br>Saving for promotional material   |  |  |
|   | poor survey   | Develop a database of swimming pools<br>at commercial/tourist sites for MC1<br>migration     | Building Services |              | Data base established and ready for<br>MC1 migration   |  |  |
| 6.1.12  | Develop an integrated<br>essential fire safety<br>measures database | Align processes for the management of<br>annual fire safety statements for MC1<br>migration  | Building Services |              | Process aligned within the boundaries<br>of current software in each office, a<br>preferred process is drafted for MC1<br>implementation |  |  |
|   |   | Raise awareness in the community of<br>the importance of maintaining fire safety<br>measures | Building Services |              | Awareness being raised through<br>correspondence to property owners on<br>essential services register                                    |  |  |
| 6.1.13  | Establish a building fire<br>safety upgrade program                 | Align existing databases of buildings<br>undergoing fire safety upgrades                     | Building Services | $\bigcirc$   | Databases established in each office ready for migration to MC1  |  |  |
|   |   | Develop a framework and process for<br>monitoring existing building upgrade<br>projects      | Building Services | $\bigcirc$   | System in place in each office – uniform<br>process to be implemented following<br>introduction of MC1                                   |  |  |
|   |   | Develop a framework and process for conducting new fire upgrade projects                     | Building Services |              | Inspection framework developed   |  |  |

| Focus<br>Ref | 3 year focus  | 1 year actions   | Responsibility                               | June<br>2019 | Result   |
|--------------|---|--|--|--------------|--|
| 6.2.1        | Implement secure and resilient Water and Sewer communication                                  | Complete LGA wide design with secure gateways and redundant network paths  | Information &<br>Communications<br>Systems   |              | Accept network design to meet performance measure uptime   |
|              | network with 99.999%<br>uptime  | Implement key upgrades on first 5 sites  | Information &<br>Communications<br>Systems   |              | Improved reliability of Communication<br>Network along with increased capacity to<br>support council wide communications   |
|              |   | Complete remaining sites in accordance with risk and budget  | Information &<br>Communications<br>Systems   |              | Improved reliability of Communication<br>Network along with increase capacity to<br>support council wide communications  |
| 6.2.2        | Work with stakeholders<br>to support and sustain<br>connection of water and<br>sewer services | Negotiate and secure easements and other instruments to support tenure   | Property &<br>Commercial / Water<br>Services | $\bigcirc$   | Completed as required  |
| 6.2.3        | Develop and maintain<br>stormwater management<br>systems in accordance with                   | Maintain the existing stormwater<br>drainage system to an acceptable level<br>of service                               | Transport Assets                             |              | Stormwater management plans are<br>being finalised for Bulahdelah and<br>Coomba Park   |
|              | asset management plans  |  |  |              | Stormwater systems being reviewed in Gloucester and Taree  |
|              |   | Undertake capital improvements to<br>the stormwater drainage system in<br>accordance with prioritised work<br>programs | Transport Assets                             |              | Allocation provided in Capital Works<br>Program for stormwater infrastructure in<br>accordance with Stormwater<br>Management Plan and to address<br>known issues |

| Strategy 6.2: Continue to develop a sustainable network of water, sewer and storm systems to meet community needs and health and safety standards |              |                |                |      |        |  |  |  |

## our environment

## **Objective 7**

| Focus<br>Ref | 3 year focus  | 1 year actions  | Responsibility   | June<br>2019 | Result  |
|--------------|---|---|------------------|--------------|---|
| 7.1.1        | Develop and implement<br>natural area management<br>plans for community land                  | Collect baseline biodiversity data, map<br>vegetation and weed distribution and<br>density for high priority community<br>land  | Natural Systems  | $\bigcirc$   | In progress with completion scheduled for June 2020   |
|              |   | Commence development of<br>natural area management plans<br>for community land  | Natural Systems  |              | Commenced audit   |
|              |   | Undertake natural asset maintenance<br>activities (bush regeneration/weed<br>control/pest control) in natural areas             | Natural Systems  |              | Annual program 95% completed. Some contractors did not complete full work and performance being reviewed  |
| 7.1.2        | Develop and implement<br>a Biodiversity Framework<br>for the MidCoast LGA                     | Develop a Biodiversity Framework<br>that aligns with broader Council<br>vision, policy and objectives                           | Natural Systems  | $\bigcirc$   | A draft biodiversity framework is in development for completion in third quarter 2019/2020  |
|              |   | Develop local area biodiversity<br>management plans for Tinonee<br>and Brimbin and commence plan<br>for Khappinghat to Darawank | Natural Systems  |              | Tinonee plan on schedule for the<br>completion in third quarter 2019-<br>2020, Brimbin last quarter 2019-<br>202 and Khappinghat to Darawank<br>commenced with 18 month time frame<br>for completion. |
|              |   | Continue implementation of the<br>Tops to Lakes Strategy focussing on<br>partnerships with private landholders                  | Natural Systems  |              | Karuah Borland Landcare Partnership<br>project commenced focussing on<br>connectivity. Otherwise ongoing delivery   |
| 7.1.3        | Design and implement<br>stormwater quality<br>measures for capital<br>projects as appropriate | Design and construct water quality<br>measures, with a focus on capital<br>projects with high pollutant potential               | Transport Assets | $\bigcirc$   | Water sensitive design principles are<br>included in the design process and are<br>being applied to key projects; example is<br>the Manning Art Gallery public carpark<br>project                     |

| Strategy     | 7.2: Ensure climate change ri  | sks and impacts are understood and mana  | ged                       |              |  |
|--------------|--|--|---------------------------|--------------|--|
| Focus<br>Ref | 3 year focus   | 1 year actions   | Responsibility            | June<br>2019 | Result   |
| 7.2.1        | Ensure climate change<br>impacts are incorporated<br>in Coastal Management<br>Plan and Floodplain<br>studies and plans | Maintain working relationship with<br>State Government to ensure that current<br>standards analysis and data is used in<br>modelling   | Transport Assets          | $\bigotimes$ | Council is included in the literature<br>mailing list for Floodplain Management<br>Australia and State Government.<br>Regular attendance at webinars,<br>seminars and workshops to keep<br>abreast of latest information which<br>informs models and plans.  |
|              |  | Work in partnership with the Floodplain<br>Management peak body in Australia<br>(FMA) to keep abreast of the latest<br>predictions in relation to climate change<br>and use this data to inform plans          | Projects &<br>Engineering | $\bigcirc$   | Team Leader Coastal, Flooding and<br>Drainage is on the literature distribution<br>with Floodplain Management Australia.<br>This team attended webinars / seminars<br>and workshops and provided technical<br>updates to Council and staff regarding<br>latest predications, and ensured these<br>were considered in studies, plans and<br>works where required. |
|              |  | Ensure 2100 Sea Level Rise predictions<br>are considered in the Flood Risk<br>Management Studies and Plans for the<br>Manning River, Karuah River, Gloucester,<br>Great Lakes remote area and Port<br>Stephens | Projects &<br>Engineering | $\bigcirc$   | Sea Level Rise has been included in the<br>brief for the Floodplain Risk Management<br>Study and Plan for these projects and has<br>been included in the modelling.  |
| 7.2.2        | Develop and implement<br>a strategic response to<br>climate change risk along  | Develop a Coastal Management<br>Program for the Old Bar Manning Point<br>compartment   | Natural Systems           |              | Progressing as a priority with completion of draft scheduled for June 2020   |
|              | the MidCoast LGA<br>coastline  | Implement actions in Coastal Zone<br>Management Plans for Jimmys Beach,<br>Great Lakes Coast and the Manning<br>Coast  | Natural Systems           |              | Jimmys Beach Sand Transfer system<br>completed with commissioning nearing<br>completion. Great Lakes CZMP subject<br>to a judicial review hearing during 2018-<br>2019.  |

Strategy 7.2: Ensure climate change risks and impacts are understood and managed

| Focus<br>Ref | 3 year focus  | 1 year actions  | Responsibility     | June<br>2019 | Result   |
|--------------|---|---|--------------------|--------------|--|
| 7.2.3        | Develop appropriate<br>responses to climate<br>change in land use<br>planning | Implement the relevant provisions of<br>the 2018 NSW Coastal Management<br>State Environmental Planning Policy  | Strategic Planning | $\oslash$    | Coastal Management State<br>Environmental Planning Policy is<br>addressed during DA assessment<br>processes and is not discretionary |
|              |   | Ensure that the consolidated MidCoast<br>Local Environmental Plan and<br>Development Control Plan include<br>appropriate provisions for adaptation to<br>climate change | Strategic Planning |              | Commenced as part of the Rural Strategy  |

Strategy 7.3: Protect, maintain and restore water quality within our estuaries, wetlands and waterways

| Focus<br>Ref | 3 year focus  | 1 year actions   | Responsibility  | June<br>2019 | Result                                     |
|--------------|---|--|-----------------|--------------|--|
| 7.3.1        | Invest in science that<br>informs management of<br>catchment, estuaries and<br>wetlands | Collect ecological condition data for each estuary in the MidCoast LGA     | Natural Systems | $\bigcirc$   | Completed                                  |
|              | wetanus   | Prepare and communicate results of the annual waterway health report card  | Natural Systems | $\bigotimes$ | Completed with public launch November 2018 |
| 7.3.2        | Develop a Manning River<br>Coastal (catchment and                                       | Undertake a gap analysis of existing<br>knowledge                          | Natural Systems | $\bigcirc$   | Completed                                  |
|              | estuary) Management<br>Plan (CMP)   | Commence ecological health<br>assessment for catchment and<br>estuary      | Natural Systems | $\bigcirc$   | Commenced and on schedule                  |
|              |   | Develop and commence a<br>community engagement plan<br>for the Manning CMP | Natural Systems |              | Commenced and on schedule                  |

Strategy 7.3: Protect, maintain and restore water quality within our estuaries, wetlands and waterways

| Focus<br>Ref | 3 year focus  | 1 year actions   | Responsibility            | June<br>2019 | Result   |
|--------------|---|--|---------------------------|--------------|--|
| 7.3.3        | Undertake acid sulfate soil<br>remediation and wetland<br>management  | Continue to implement the lower<br>Manning Drainage Remediation Action<br>Plan   | Natural Systems           | $\bigcirc$   | 2018-2019 program completed  |
|              |   | Implement the Wallis Lake Wetland<br>Strategy with a focus on wetland<br>protection and restoration  | Natural Systems           |              | Site management undertaken at priority<br>sites including Miles Island, Darawank<br>Creek, Gareeba and Wallamba Island   |
| 7.3.4        | Develop and maintain<br>a strategic approach  | Commence review of the Manning<br>Stormwater Plan  | Natural Systems           | ©            | Delayed pending appointment of Stormwater engineer   |
|              | to stormwater quality<br>management   | Develop a stormwater and catchment plan for Racecourse Creek, Old Bar  | Natural Systems           | ©            | Delayed until coastal engineer<br>employed. Commenced and due for<br>completion October 2019   |
| 7.3.5        | Ensure that Council's<br>land use planning<br>controls include<br>appropriate provisions<br>to manage the quality of<br>stormwater runoff from<br>new development | Ensure appropriate water quality<br>objectives and principles of water-<br>sensitive design and incorporate into<br>land use planning controls | Strategic Planning        | $\bigcirc$   | On schedule to commence 2020   |
|              |   | Establish process for consolidated<br>referral response for developments to<br>cover water quality and water quantity<br>management            | Projects &<br>Engineering | $\bigcirc$   | Process has been clarified. Development<br>Engineer is to re-refer water quality<br>assessment to Natural Systems and<br>incorporate their requirements into a<br>collated response to the Planners.   |
| 7.3.6        | Protect water catchments<br>to sustain high quality<br>and dependable water<br>supplies across the region   | Determine how the protection and<br>management of water catchments will<br>be incorporated into land use planning<br>controls                  | Strategic Planning        |              | On schedule to commence 2020   |
|              | supplies across the region  | Develop maintenance field guidelines<br>for operations staff in best practice<br>maintenance activities  | Operations                |              | Erosion and Sediment Control Handbook<br>developed, printed and issued to<br>Operations staff. Staff training has<br>commenced utilising Council's Erosion<br>and Sediment Control Handbook.<br>Training of all Operations staff to be<br>finalised by the end of August 2019. |

2018-2021 Delivery Program & 2018-2019 Operational Plan: End of Year review

| Focus<br>Ref | 3 year focus                                 | 1 year actions  | Responsibility | June<br>2019 | Result  |
|--------------|--|---|----------------|--------------|---|
| 7.3.7        | recycling/ reuse and the quality of effluent | Maintain effluent discharge monitoring to meet or exceed license conditions                         | Water Services | $\oslash$    | Monitored effluent discharge as regulatory required.  |
|              | discharged into the<br>environment           | Pursue opportunities to increase the<br>level of reuse where there is a beneficial<br>business case | Water Services |              | During the reporting period recycled<br>water use at the Hawks Nest RTP,<br>which provides recycled water to the<br>Golf Course, Myall and Providence<br>Parks was expanded to provide water<br>for environmental controls for dust<br>suppression during roadworks. No<br>additional opportunities have been<br>identified during the reporting period |

| Strategy 7.4: Improve the capacity of industry and the community to achieve the best possible outcomes for the natural environment |  |   |                 |              |  |  |
|--|--|---|-----------------|--------------|--|--|
| Focus<br>Ref   | 3 year focus   | 1 year actions  | Responsibility  | June<br>2019 | Result   |  |
| 7.4.1  | Engage with the<br>community to develop<br>understanding of<br>estuary, water quality, | Deliver Backyard Bushcare program with focus on Pacific Palms   | Natural Systems |              | On schedule for completion in 2019-<br>2020. Properties inspected, community<br>engaged and information session and<br>demonstration/training days held  |  |
|  | weed biosecurity and<br>biodiversity   | Deliver capacity building and awareness<br>through attending priority community<br>events such as shows and markets, field<br>days, workshops and media   | Natural Systems |              | Weed biosecurity team and catchment<br>team attended various shows and<br>markets during the course of the<br>year including Stroud, Wingham,<br>Taree and Pacific Palms. Community<br>estuary management engagement<br>session undertaken in partnership with<br>commercial fisheries and DPI at Smiths<br>Lake |  |
|  |  | Develop and deliver community<br>engagement programs with landholders<br>and groups in priority areas in relation to<br>water quality, acid sulfate soils, priority<br>weeds, biodiversity and catchment<br>management  | Natural Systems |              | Completed program for 2019-2020<br>including weed inspections, landholder<br>engagement on acid soil management<br>and catchment management.<br>Forster Squirrel glider information<br>sessions conducted  |  |
|  |  | Provide support, develop partnerships,<br>incentive programs and facilitate uptake<br>of programs such as biodiversity<br>stewardship, land for wildlife, to<br>advance biodiversity conservation<br>and catchment health improvement<br>activities on private land | Natural Systems |              | Ongoing program implemented for<br>2018-2019. Catchment officer have<br>continued to deliver land for wildlife<br>program in partnership with landcare   |  |

#### **Objective 7, Strategy 5**

| Strategy     | Strategy 7.5: Ensure our natural assets are maintained to a standard appropriate to their use |  |                 |              |   |  |  |
|--------------|---|--|-----------------|--------------|---|--|--|
| Focus<br>Ref | 3 year focus  | 1 year actions   | Responsibility  | June<br>2019 | Result  |  |  |
| 7.5.1        | Ongoing implementation<br>of Natural Resource<br>Management plans and<br>strategies           | Undertake implementation projects<br>including riverbank management and<br>foreshore management                  | Natural Systems |              | 2 km of Wallamba Riverbank restored<br>and 1 km of lower Manning subject<br>to erosion management, fencing and<br>regeneration  |  |  |
|              |   | Provide input into and contribute<br>to the delivery of the regional pest<br>management strategy                 | Natural Systems |              | Sambar deer control project with DPI<br>at Cattai. Wild dog and fox control<br>programs deliver on Council priority<br>lands at Bulahdelah, Manning entrances<br>and Darawank |  |  |
| 7.5.2        | Ongoing implementation<br>of the NSW Weeds<br>Action Program                                  | Undertake high priority aquatic<br>and terrestrial weed management,<br>inspection, engagement and<br>enforcement | Natural Systems |              | Completed including control of new<br>(Amazon Frogbit) priority weed outbreak<br>at Bulahdelah  |  |  |

We manage resources wisely Objective 8

| Strategy     | Strategy 8.1: Sustainably manage our waste through reduction, reuse, recycling and repurposing |  |                              |              |   |  |  |
|--------------|--|--|------------------------------|--------------|---|--|--|
| Focus<br>Ref | 3 year focus   | 1 year actions   | Responsibility               | June<br>2019 | Result  |  |  |
| 8.1.1        | Reduce the amount of<br>waste that goes to land-<br>fill per capita                            | Undertake community education with a focus on reducing waste   | Waste, Health,<br>Regulatory |              | A new waste health & regulatory services<br>education coordinator was appointed in<br>November 2018. A waste education plan<br>is being developed and scheduled for<br>completion in December 2019. |  |  |
|              |  | Promote the Community Recycling<br>Centres / Tip Shops ('re-use centres')  | Waste, Health,<br>Regulatory |              | Tip shops were promoted regularly<br>through the usual media channels. A<br>tip shop upgrade was carried out at the<br>Taree Waste Management Centre and<br>Gloucester Waste Management Centre.     |  |  |
|              |  | Provide low cost options for the<br>community to reduce waste going<br>to landfill i.e. compost bins, worm<br>farms, etc                                 | Waste, Health,<br>Regulatory |              | 8 community composting workshops<br>were carried out across the MidCoast.<br>Ongoing subsidised compost bins<br>program was successful with over 400<br>bins being purchased in 2018/19.            |  |  |
| 8.1.2        | Maintain the level<br>of beneficial reuse<br>of biosolids from<br>wastewater treatment         | Monitor the suitability/feasibility<br>of biosolids for disposal by land<br>application  | Water Services               | $\odot$      | Tendered biosolids contract. Continued<br>monitoring all the biosolids for disposal by<br>land application. Developing the strategic<br>planning for biosolids.                                     |  |  |
|              |  | Identify through an EOI process<br>properties suitable to be investigated<br>as possible application sites as<br>required                                | Water Services               | $\oslash$    | Continuously investigating and identifying more suitable properties through an EOI process.   |  |  |
| 8.1.3        | Enhance re-use of roads<br>material  | Develop maintenance procedures to<br>ensure continual use of recycled<br>pavement materials (incl. in-situ<br>stabilisation) to reduce waste to landfill | Operations                   | $\oslash$    | Previous practices reviewed and shared<br>across Operations. Reuse / repurpose of<br>material occurring where suitable /<br>practical.  |  |  |
|              |  | Develop a stockpile management<br>guideline for the storage and future<br>re-use of road generated materials   | Operations                   | $\bigcirc$   | Completed   |  |  |

2018-2021 Delivery Program & 2018-2019 Operational Plan: End of Year review

| Strategy 8.2: Proactively manage our resource consumption |   |  |                              |              |   |  |
|---|---|--|------------------------------|--------------|---|--|
| Focus<br>Ref  | 3 year focus  | 1 year actions   | Responsibility               | June<br>2019 | Result  |  |
| a Sust<br>Plan fo<br>and op<br>focuss                     | Develop and implement<br>a Sustainability Action<br>Plan for Council assets<br>and operations that<br>focusses on minimising<br>consumption | Evaluate Council's Planet Footprint data<br>and identify opportunities to reduce<br>our energy and water consumption           | Natural Systems              |              | While Council continues to participate<br>in the Planet Footprint program to<br>monitor its resource consumption,<br>the commitment of staff resources to<br>an inter-departmental sustainability<br>team is required to collectively identify<br>opportunities to minimise its resource<br>consumption.  |  |
|   |   | Identify baseline carbon emissions,<br>identify carbon emission reduction<br>targets and develop a plan to reduce<br>emissions | Natural Systems              |              | While a baseline profile has been<br>prepared for the community's carbon<br>emissions, a baseline profile of Council's<br>emissions is outstanding and dependent<br>on the receipt of government funding<br>and assistance. Once this has been<br>undertaken, a Council support will be<br>sought to adopt emission reduction<br>targets and develop a plan to reduce its<br>emissions. |  |
|   |   | Use renewable energy resources in<br>Council where practical to do so  | Management Team<br>Executive |              | Refer 8.2.2<br>Presentation was also provided to Council<br>on energy consumption patterns across<br>council assets   |  |

2018-2021 Delivery Program & 2018-2019 Operational Plan: End of Year review

| Strategy 8   | Strategy 8.2: Proactively manage our resource consumption                |   |                |              |   |  |  |
|--------------|--|---|----------------|--------------|---|--|--|
| Focus<br>Ref | 3 year focus   | 1 year actions  | Responsibility | June<br>2019 | Result  |  |  |
| 8.2.2        | 8.2.2 Optimise the efficiency of our water and wastewater infrastructure | Complete optimisation of the Nabiac<br>sewer network to allow an increase<br>volume of daily discharge without<br>augmentation including monitoring and<br>reporting on effectiveness as a pilot<br>study | Water Services | $\bigotimes$ | The optimisation of the Nabiac sewer<br>network was completed in conjunction<br>with the construction of the Nabiac<br>Aquifer Water Supply Scheme  |  |  |
|              |  | Investigate the feasibility of using<br>storage and control to attenuate<br>peak flows in the wastewater<br>systems & reduce peak energy<br>consumption   | Water Services | $\oslash$    | Peer to peer communications have been<br>implemented in parts of the Nabiac Sewer<br>System<br>Planning is underway for similar works<br>to be implemented in Tea Gardens and<br>Cundletown   |  |  |
|              |  | Monitor, report on and action<br>opportunities to increase energy<br>efficiency across the water & sewer<br>network, including implementing<br>alternate energy sources wherever<br>feasible              | Water Services | $\bigcirc$   | Monitored electricity consumption<br>over last 6 months for all sites. Renew<br>the large sites contract and found the<br>new retailer who offer the best value<br>for our council. Worked on continuous<br>improvement of our energy efficiency. |  |  |

### **Objective 9**

| Strategy     | Strategy 9.1: Ensure growth and new development complements our existing natural assets, cultural assets and heritage sites   |   |                          |              |   |  |  |
|--------------|---|---|--------------------------|--------------|---|--|--|
| Focus<br>Ref | 3 year focus  | 1 year actions  | Responsibility           | June<br>2019 | Result  |  |  |
| 9.1.1        | Design new Council<br>developments to<br>complement the<br>surrounding environment  | Design the Civic Precinct and Main<br>Beach projects in Forster to be<br>sympathetic with the surrounds   | Property &<br>Commercial | $\bigcirc$   | Design phase completed in line with guidelines  |  |  |
| 9.1.2        | Reduce pollutant,<br>sediment and nutrient<br>loads from new<br>development   | Develop and deliver an engagement/<br>training program for builders on Water<br>Sensitive Urban Design (WSUD) policy<br>and construction  | Natural Systems          |              | Fact sheets and guidelines developed.<br>One on one consultations undertaken as<br>required   |  |  |
|              |   | Develop erosion and sediment policy for<br>MCC  | Natural Systems          |              | Delayed due to resources being<br>allocated to development of Manning<br>Estuary/Catchment CMP and<br>certification of CZMP's                                 |  |  |
|              |   | Implement the WSUD policy for all new development as required   | Natural Systems          | $\bigcirc$   | Completed for all applications as required  |  |  |
| 9.1.3        | Implement a dredging<br>program to maintain safe<br>and sustainable recreation<br>use of waterways  | Develop and implement a navigation<br>dredging strategy including monitoring<br>and/or maintenance works for priority<br>sites in the Manning, Myall and Wallis<br>estuaries  | Natural Systems          |              | Harrington Backchannel and Manning<br>River South Arm/Scotts Creek projects<br>pending Crown Lands licence. Tuncurry<br>scheduled for third quarter 2019-2020 |  |  |
| 9.1.4        | Prepare a MidCoast Local<br>Environmental Plan and<br>Development Control Plan<br>that includes provisions<br>to manage and protect<br>our natural and heritage<br>values | Prepare a Rural Opportunities and Land<br>Use Strategy (ROLUS) for the MidCoast<br>LGA rural landscape that identifies<br>significant natural assets and heritage<br>sites and ensure that appropriate Local<br>Environmental Plan/DCP controls are<br>applied to those areas | Strategic Planning       |              | Rural Strategy on schedule for completion December 2020.  |  |  |

Strategy 9.1: Ensure growth and new development complements our existing natural assets, cultural assets and heritage sites

| Focus<br>Ref | 3 year focus   | 1 year actions  | Responsibility     | June<br>2019 | Result  |
|--------------|--|---|--------------------|--------------|---|
| 9.1.5        | Ensure that investigations<br>for new growth areas<br>identify natural assets and<br>heritage sites and that<br>development is excluded<br>or impacts managed in | Assess all relevant natural and<br>heritage values in planning<br>proposals for new release areas (i.e.<br>Kolodong, The Northern Gateway,<br>Myall River Downs, Gloucester River<br>Run and Blueys Estate) | Strategic Planning |              | Planning proposal processes<br>consistently assess natural assets and<br>heritage sites   |
|              | these areas  | Ensure that zones and other<br>development controls are applied to<br>protect and manage natural assets<br>and heritage values in re-zonings for<br>new release areas                                       | Strategic Planning |              | Housing Strategy and zone reviews on<br>schedule for completion June 2020<br>Rural Strategy on schedule for<br>completion December 2020 |

Strategy 9.2: Optimise land use to meet our environmental, social, economic and developmental needs

| Focus<br>Ref | 3 year focus                                   | 1 year actions  | Responsibility           | June<br>2019 | Result   |
|--------------|--|---|--------------------------|--------------|--|
| 9.2.1        | Undertake strategic<br>management of Council's | Develop strategy for the development of Chapmans Road, Tuncurry   | Property &<br>Commercial | $\bigcirc$   | Investigations continuing to inform a future strategy  |
|              | land portfolio                                 | Investigate options for the use or disposal of excess Council land  | Property &<br>Commercial | $\bigcirc$   | Investigations continuing to inform a future strategy  |
|              |  | Actively promote and market Council<br>owned lots within land developments<br>to facilitate land sales        | Property &<br>Commercial | $\bigcirc$   | This action mainly relates to Taree<br>Aviation Park and lots are currently being<br>actively marketed |
|              |  | Implement a corporate asset<br>management system  | Property &<br>Commercial | $\bigcirc$   | Corporate asset data will be migrated to new corporate system over the next year                       |
|              |  | Consolidate property management<br>data into a central property database                                      | Property &<br>Commercial |              | Currently information from all councils has been consolidated into a single database                   |
|              |  | Consolidate Council's land registers<br>and ensure all land is classified as<br>community or operational land | Property &<br>Commercial |              | This work is underway and progressing in a timely manner as resources allow.                           |
|              |  | Review, revise and prepare plans of management for all community land   | Property &<br>Commercial | $\bigcirc$   | Funding received from state government to assist with this project                                     |

VALUE: Our environment

Strategy 9.2: Optimise land use to meet our environmental, social, economic and developmental needs

| Focus<br>Ref | 3 year focus   | 1 year actions  | Responsibility           | June<br>2019 | Result   |
|--------------|--|---|--------------------------|--------------|--|
| 9.2.2        | Manage and maintain<br>Council's building assets   | Consolidate and review the building asset management plan   | Property &<br>Commercial | $\bigcirc$   | Building asset data will be migrated over the next year  |
|              | on a sustainable basis   | Undertake building condition<br>assessments and incorporate results<br>into integrated building asset<br>management plan that informs a                             | Property &<br>Commercial | $\bigcirc$   | Ultimately all work programs will be<br>informed from the asset data in a<br>consolidated system                                 |
|              |  | prioritised works program   |                          |              | This is scheduled as part of the Enterprise<br>Wide System (MC1). Meanwhile work is<br>being fulfilled on data transfer          |
|              |  | Develop annual works program<br>for maintenance, upgrade and<br>improvement of public buildings that<br>reflect the needs of the users and<br>asset management plan | Property &<br>Commercial |              | Works program developed and implemented  |
|              |  | Undertake maintenance and renewal of public buildings in accordance with works program  | Property &<br>Commercial | $\oslash$    | Work undertaken according to works program   |
| 9.2.3        | Develop consistent land<br>use planning controls for<br>the MidCoast LGA that<br>reflect the aspirations<br>of the community,<br>recognise the differences<br>in our settlements and<br>which strike a balance<br>between protecting<br>our environment while<br>catering for social,<br>development and<br>employment needs | Prepare a Housing Strategy for MCC  | Strategic Planning       | $\bigcirc$   | On schedule for completion June 2020   |
|              |  | Prepare a Rural Opportunities and<br>Land Use Strategy for MCC  | Strategic Planning       | $\bigcirc$   | On schedule for completion December 2020   |
|              |  | Continue with the preparation of the<br>MidCoast Local Environmental Plan<br>and Development Control Plan   | Strategic Planning       | $\oslash$    | Project Plan commenced and work on<br>LEP & DCP scheduled to commence<br>2020  |
|              |  | Undertake site specific re-zonings<br>to facilitate economic development<br>opportunities and to meet the<br>growth needs of the population                         | Strategic Planning       |              | All developer-funded planning proposals<br>assessed for economic benefit to<br>determine merit prior to accepting<br>application |
|              |  | Continue to prepare development<br>control plan provisions to ensure<br>the form, location and design of<br>development meets the expectations<br>of the community  | Strategic Planning       |              | On schedule to commence 2020   |

| Strategy 9.2: Optimise land use to meet our environmental, social, economic and developmental needs                    |  |   |                           |   |   |  |
|--|--|---|---------------------------|---|---|--|
| Focus<br>Ref   | 3 year focus   | 1 year actions  | Responsibility            | June<br>2019  | Result  |  |
| 9.2.4 Monitor the supply of and<br>demand for residential<br>land to enable Council<br>to program new land<br>releases | Complete an Urban Land Monitor for<br>the Taree land market as a pilot for<br>extension across the whole of the<br>MidCoast area | Strategic Planning  | $\bigcirc$                | Urban Land Monitor for Taree completed and expanded to wider MidCoast |   |  |
