

DOs AND DON'Ts

Preparing your waste for collection

2
PILES

Sort it first. Metal/whitegoods in one pile; general/electronic waste in another

2
M³

Total load must fit into a standard (7'x4') box trailer, approx. 2 cubic metres

30
KG

Individual items must be manageable and not weigh more than 30kg

Tie loose items into a bundle or place them inside a sturdy box (no plastic bags)

Waste piles must not obstruct footpaths, roads or driveways

Place your waste out on the dates specified for your zone, no earlier

DO THE RIGHT THING

These requirements are in place for everyone's benefit and to keep our streets safe and tidy.

- Don't be the household that makes your street look like a tip
- Place only accepted items out for collection
- Don't place items out earlier than specified for your zone
- Remove items that are not collected

Items on the kerbside outside of the specified collection period are classed as illegal dumping and you could be fined.

IMPORTANT INFO

All of Gloucester and surrounds

When can I place my waste out?

Saturday 30 April - Sunday 1 May
(for collection 2 - 6 May 2022)

Where should I put it?

Your two waste piles must be placed neatly on the kerb or roadside where your bins are normally collected, not obstructing the footpath or roadway.

If you use a common collection point:

At Bulky Waste time, a large volume of waste is presented at rural common collection points and can make these areas and our neighbourhoods untidy, sometimes dangerous.

Your help is appreciated by:

- Adhering to the 2 cubic metre limit per household (total load)
- Presenting your waste piles neatly, and securing loose items to avoid windblown litter and traffic hazards
- Positioning waste well off the road
- Reporting waste that is added to your pile or suspected of being dumped illegally by someone that is not a neighbour / authorised to use your common collection point
- Removing any items that are not collected, within 24 hours of the collection taking place in your area

Common collection points will be closely monitored during the Bulky Waste collection period and fines will be issued for non-compliance.

- Fencing wire

DID YOU KNOW?

Free mattress drop-off during bulky waste collection

Two wire-spring mattresses (or one mattress and bed base) per household can be dropped for free at your nearest Waste Management Centre between 30 April and 8 May 2022.

Free drop-off all year round

You can dispose of up to 20kg of problem household waste at our Community Recycling Centres for free at any time.

- Household quantities of paint and oil
- Gas bottles
- Batteries
- Smoke detectors
- Fluoro globes
- Fire extinguishers

ITEMS IN GOOD CONDITION

Imagine breathing new life into something you no longer need or want.

Before placing an item out for collection:

- Is it in working order or reasonable condition?
- Could it be re-used by someone else, or creatively repurposed?
- Could it be sold through a garage sale, or an online hub like Gumtree, Marketplace or Buy Swap Sell?

Re-imagine Waste is part of our commitment to reducing the amount of waste going to landfill.

UNSURE ABOUT AN ITEM?
