Policy objective

This policy provides a framework for the provision of financial assistance by MidCoast Council (“Council”) to eligible organisations for the purposes of delivering community development and capacity building projects and activities.

Policy statement

Council is committed to maintaining an annual budget allocation to provide financial assistance, through the Community Donations program, to support the delivery of projects and activities that pursue our values of a connected community and unique, diverse and culturally rich communities.

Council is committed to ensuring that processes and decision-making relating to the Community Donations program are fair, consistent and transparent.

The following principles guide the implementation of this policy:

- **Equity:** all eligible organisations have equal opportunity to apply for financial assistance;
- **Value for money:** obtaining the best mix of services to meet the community's needs with available funding and selecting the mix of resources that delivers the best possible outcome;
- **Transparency and integrity:** funds are assessed and allocated transparently to recipient projects that demonstrate integrity in their delivery;
- **Capacity building and community ownership:** recognition that the best outcomes can be achieved through building upon the skills and assets that already exist in the

community; and meaningful empowerment of the people to fulfil community desires and aspirations;

- Sustainability: that community infrastructure is built, developed and maintained in a way that ensures long-term viability and minimal impact on Council's ongoing maintenance budget;
- Consistency: funding administration procedures are consistent within programs, across individual Council sections and as new funding programs evolve;
- Collaboration: the best outcomes can be achieved for people and the community through collaboration between Council, Council departments, community groups and organisations, business and individuals; and
- Probity: funding administration must be conducted with integrity, honesty and scrutiny.

Coverage of the policy

This policy applies to financial and in-kind assistance provided by Council to eligible organisations through the Community Donations program for the delivery of projects and activities in the MidCoast Council local government area.

This policy does not apply to sponsorships or events where:
