

Mr Glenn Handford
Interim General Manager
MidCoast Council
PO Box 450
FORSTER NSW 2428

Att: Angela Tinlin

Dear Mr Handford,

Planning Proposal to amend Greater Taree Local Environmental Plan 2010

I refer to Council's email dated 21 April 2017 requesting a Gateway determination under section 56 of the *Environmental Planning and Assessment Act 1979* (the Act) in respect of the Planning Proposal to rezone land at 391 Diamond Beach Road, Diamond Beach from RU1 Primary Production to SP3 Tourist and E2 Environmental Conservation zones and to include the subject land in Schedule 1 of the Greater Taree Local Environmental Plan 2010 and to amend the associated Land Use map.

As delegate of the Minister for Planning, I have now determined the Planning Proposal should proceed subject to the conditions in the attached Gateway determination.

I have also agreed that the Planning Proposal's inconsistency with S117 Directions 1.2 Rural Zones and 1.5 Rural Lands is of minor significance and justified on the basis that the land is not currently being used for agricultural purposes, and is unlikely to be in the future. Inconsistency with Direction 4.1 Acid Sulfate Soils is also of minor significance. Given the complex nature of managing coastal hazard lines across the Mid-Coast LGA and the former Great Lakes and Greater Taree coastal areas, continued consultation with the Department of Planning and Environment and the Office of Environment and Heritage is advised to ensure consistent coastal planning.

The Minister delegated plan making powers to councils in October 2012. It is noted that Council has requested to be issued with delegation for this Planning Proposal. I have considered the nature of Council's Planning Proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending Local Environmental Plan (LEP) is to be finalised within 12 months of the week following the date of the Gateway determination. Council should aim to satisfy the Gateway conditions and commence the exhibition of the Planning Proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the Department for administrative purposes.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under section 54(2)(d) of the EP&A Act if the time frames outlined in this determination are not met.

Attached for your assistance is a simplified guide to the plan making process and reporting requirements to ensure that the LEP Tracking System is kept updated.

Should you have any questions regarding this matter, I have arranged for Ms Jocelyn McGarity from the Hunter office to assist you. Ms McGarity can be contacted on (02) 4904 2702.

Yours sincerely,

Gateway Determination

Planning Proposal (Department Ref: PP_2017_MCOAS_007_00): to rezone land at 391 Diamond Beach Road, Diamond Beach from RU1 Primary Production to part SP3 Tourism and part E2 Environmental Conservation with associated development controls and amended Land Use maps.

I, the Director Regions, Hunter at the Department of Planning and Environment as delegate of the Minister for Planning, have determined under section 56(2) of the Act that an amendment to the Greater Taree Local Environmental Plan (LEP) 2010 to rezone land at 391 Diamond Beach Road, Diamond Beach as described in Council's Planning Proposal, should proceed subject to the following conditions:

1. Prior to undertaking community consultation Council is to amend the Planning Proposal as follows:
 - (a) Update consideration of SEPP No 71 – Coastal Protection, to identify how the Proposal relates to Council's overall coastal hazards planning framework and the Draft Manning Valley Coastal Zone Management Plan (CZMP) and the Draft Greater Taree DCP 2010 amendments, including a discussion of the coastal hazard lines proposed to be adopted in the Diamond Beach area;
 - (b) Provide an assessment of the applicability of State Environment Planning Policy No 44 – Koala Habitat Protection;
2. Community consultation is required under sections 56(2)(c) and 57 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") as follows:
 - (a) the Planning Proposal must be made publicly available for a minimum of 28 days; and
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of Planning Proposals and the specifications for material that must be made publicly available along with Planning Proposals as identified in section 5.5.2 of A Guide to Preparing LEPs (Planning & Infrastructure 2013).
3. Consultation is required with the following public authorities under section 56(2)(d) of the EP&A Act and/or to comply with the requirements of relevant S117 Directions:
 - NSW Rural Fire Service regarding S117 Direction 4.4 Planning for Bushfire Protection.
 - NSW Department of Primary Industries regarding S117 Direction 1.3 Mining, petroleum Production and Extractive Industries.

Each public authority is to be provided with a copy of the Planning Proposal and any relevant supporting material, and given at least 21 days to comment on the proposal. Council should, following receipt of advice from the public authorities, update its consideration of S117 Directions and SEPPs in the Proposal, as required.

4. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).

5. The timeframe for completing the LEP is to be **12 months** from the week following the date of the Gateway determination.

Dated 29th day of June 2017.
