

Housing Strategy Principles

Legend:

-  Potential extension to employment zone
-  Future low density residential development (consisting of some clustered medium density areas interspersed with conservation areas-detailed master plans required)
-  Reinforce and consolidate around existing commercial centres (2-3 storeys)
-  Approximate 500m distance from community focus sites (walking distance)
-  Maintain low density residential
-  Existing employment zone
-  Identified site for community recreation/facilities
-  Commercial centres form community focus points
-  Approximate study area
-  Existing urban centres
-  Town gateway zones (important to town character)
-  Existing and approved aged housing
-  Identified council residential precincts (Category 1)
