

# SEVERE RESTRICTIONS NOW IN FORCE\*

## Business, commercial and industrial

Water use is limited to economic viability production.

### Nurseries and market gardens

Apply for written exemption for water to be used - demonstrate how water saving will be achieved and why alternate water sources are not available.

### Motor dealer vehicle washing

Hand washing with a bucket only for safety reasons eg windscreens and lights.

### Mobile water tankers

Only filled between 8am and 8pm from approved point. Only to be used for firefighting, inside residential, or public health purposes. Where possible, use other water source.

### Construction industry

Minimise all water use on the work site. Hoses used must be fitted with a hand-held trigger to shut off flow when released.

**Stay updated on current restrictions and latest news about restrictions on the website link below.**

### Commercial or industrial outside use

Refer to the Residential Fact Sheet.  
Boat motor flushing 3 minutes on grassed area.  
Commercial pools need to minimise water use for pool top-ups.  
Water for livestock permitted.  
Use of alternate or recycled water permitted.

### Non-production outdoor use

Only use recycled or grey water on gardens.  
No sprinklers or garden irrigation systems.  
No car or boat washing.

### Save water indoors too!

Please be water-wise and consider how you can save water indoors too.

- Check you have no dripping taps or plumbing leaks.
- Consider how your business can collect and reuse grey water
- Implement production water saving options wherever possible.
