We encourage members of the public to sit in on our meetings, as a way of finding out more about how council works and to stay updated on what is happening in the MidCoast Council area.

Draft markets policy

We have developed a draft Markets Policy which relates to all regular markets taking place throughout the MidCoast region on Council owned land or Council controlled public land - including farmers markets.

Festivals and 'one-off' community based events and fundraisers such as annual markets and fetes occurring once a year, and markets taking place on private land will be excluded from this policy. They may however, be subject to a separate approval process such as a Special Event or Development Application.

The draft Policy is now on public exhibition and is open for feedback until 2 January.
