- Youth Strategic Plan
- Zoning in on our Future

Visit our website for further information.

### Bulky Waste - coming, but not yet

It's great news with the annual bulky waste and scrap metal clean-up soon to take place in a location near you.

Currently underway down south, our contractors will head into the Manning region from Monday 24 June, followed by the Gloucester region from 19 August.

\*\*\* For those of you thinking of placing your waste out early, think again... not only does this leave our neighbourhoods looking trashy, it's considered illegal dumping and you could be fined. \*\*\*

Check the schedule for your area and zone at [www.midcoast.nsw.gov.au/bulkywaste](http://www.midcoast.nsw.gov.au/bulkywaste) and place your waste out no earlier than specified.

### Teach a learner driver workshop

Teaching a young person to drive could be the most important lesson you'll ever give! Make sure you're well equipped to help your learner driver become a safer driver by attending a FREE 2-hour workshop aimed at parents and supervising drivers.

- Taree Council Admin Centre on Tuesday 18 June at 6pm

Bookings are essential, please phone 7955 7372 or visit [www.midcoast.nsw.gov.au/roadsafety](http://www.midcoast.nsw.gov.au/roadsafety)

Light refreshments will be available.

### Development consents

Development consent has been granted for the following applications:

15/2018/DA/A	9 Manning River Drive, Taree (child care centre)
299/2018/DA	Lot 7305 Bushland Drive, Taree (replacement and erection of day stall)
358/2019/DA	31 Seaview Street, Diamond Beach (two storey dwelling)
376/2019/DA	1 Cullen Grove, Hallidays Point (carport)
404/2019/DA	33 Hall Street, Old Bar (secondary dwelling (granny flat))
413/2019/DA	83 Blackhead Road, Hallidays Point (single storey dwelling)
434/2019/DA	15 Adelaide Close, Wingham (single storey dwelling)

The above consents are available to inspect via Application Tracking on our website or at our Customer Service Centre.

### Aerial herbicide spraying

Coastal aerial spraying will take place in June to control Bitou Bush in collaboration with other public authorities and land management agencies and conducted by experienced contractors.

Lynx WG (Metsulfuron methyl 600g/kg) will be applied at 20-30g/ha; or Macspred Glymac 360 (Glyphosate 360g/L) will be applied at 2 L/ha.

These herbicides will be applied as per requirements of APVMA off label permit 12251 for the control of Bitou Bush in coastal sand dunes, bushland and grass land.

Affected areas include Crowdy Head Beach, Crowdy Head Reserve, Harrington Beach, Manning Point Beach, Farquhar Park, Mudbishops, Old Bar Beach, Saltwater and Diamond Beach.

Following 'Best Practice Guidelines for Aerial Spraying of Bitou Bush in New South Wales', as an extra safety measure, all areas will be closed to public access from 7am to 5pm on the specific treatment days. Areas adjacent to Crowdy Head Reserve and Old Bar Airfield will be acting as helipads.

### Upcoming roadworks: Victoria Street

Kicking off on Monday 17 June, rehabilitation works will be undertaken on a section of Victoria St Taree, between Commerce and Flett Sts. For the safety of road users and crews, the Victoria St / Commerce St intersection will be closed off to through traffic for the duration of the works, with clearly marked detours in place. To minimise disruption, the works will be undertaken in two stages and we will liaise with local residents in the work zone to assist in accessing their properties.

It is anticipated the project will be completed over 12 weeks, weather permitting, and the road re-opened to traffic with a temporary seal in mid-September. The contractor will return in early December to place the final seal and line marking.

The outcome will be a smoother, safer and more durable road surface in this busy part of Taree's CBD, along with replacement kerb and guttering and improved drainage.

This project is part of our commitment to improving our transport network. For more information about the Victoria St roadworks, and to learn about other works taking place across our region, visit [www.midcoast.nsw.gov.au/roads](http://www.midcoast.nsw.gov.au/roads)
