These activities will be targeting general vegetation, grasses, reeds, bindii, broadleaf and annual and perennial environmental weeds and each program is subject to weather conditions. Only qualified operators will be undertaking works.

On the roadsides and reserves, subject to availability and need, registered herbicides Weedmaster Duo, Sixgun 360, Biochoice 360, Glymac 360 (360g/L glyphosate), and/or Metsun 600, Lynx WG, metmac 600, Kenzon and/or Grazon extra will be used as per the requirements of the label and APVMA off label permit 9907 where applicable.

In various waterways and retention ponds Herbicides Weedmaster Duo, Sixgun 360, Biochoice 360 and/or Glymac 360 (360g/L glyphosate) will be used as per the requirements of the label and APVMA off label permit 9907 where applicable and as a precaution residents are advised to refrain from using, drinking or swimming in the water for two weeks following treatments.

Beach permits

Our 2022/23 beach permits are available to purchase from our customer service centres or one of our authorised re-sellers.

Obtaining a MidCoast Council beach access vehicle permit gives you entry to a range of beautiful, unspoilt beaches in both the Manning and Great Lakes regions.

By obtaining a permit you are also agreeing to comply with rules regarding where and when you can access the beach.
